Sambalpur district registered lowest CD ratio of 20.56 only on account of MCL deposit of Rs12925.90 Crore. If this amount is excluded, the CD Ratio will be 48.90%

It is observed that 9 districts namely Bhadrak, Dhenkanal, Jajpur, Boudh, Jharsuguda, Kalahandi, Sonepur, Khurda and Nabrangpur have achieved CD ratio of more than 60% & 09 districts have registered CD ratio below 40%, namely, Angul, Sambalpur, Deogarh, Gajapati, Ganjam, Jagatsinghpur, Kendrapara, Puri and Mayurbhanj. The LDMs of those districts and the Banks operating in the districts should take needful action for improvement in CD ratio in the coming quarters. Area wise CD Ratio is at **Annexure – 10.**

Monthly meetings to review CD Ratio (CDR) of 12 districts with CD ratio below 40% as on March 31, 2017

RBI, Bhubaneswar have started monthly review of CD Ratio (CDR) of 14 large public/ private sector banks in 12 districts of Odisha (viz. Angul, Deogarh, Gajapati, Ganjam, Jagatsinghpur, Kandhamal, Kendrapara, Keonjhar, Mayurbhanj, Nuapada, Puri and Sambalpur) with CD ratio below 40% as on March 31, 2017 since June 2017. It was observed that despite setting up Special Sub-committees (SSC) of DCC as per Lead Bank Scheme (LBS) guidelines to draw and monitor Monitorable Action Plan (MAP) to increase CDR in these districts, these districts have been reeling under low CDR for a long time as the banks were not reviewing their district-wise CDR position and reviewed only CDR for the state. Thus, it was decided to provide specific thrust on the issue and monthly meetings with the Controlling Heads of 14 large public/ private sector banks and govt. officials are being conducted by RBI to review CDR of above districts and obtain district-wise commitments/ targets from the bankers about their CDR in these districts on a monthly basis.

RBI concerted efforts since June 2017 have led to discernible/ encouraging results in that the number of districts with CDR below 40% has come down from 12 as on March 31, 2017 to 9 as on December 2017 as CDR of three districts namely Kandhamal, Keonjhar and Nuapada has improved above the mark of 40%. Further, banks have started monitoring their district-wise CDR on a monthly basis. This momentum needs to be sustained and special efforts need to be continued for other districts as well CD ratio of the State as on 31.12.2017 computed on the advance figure of sanctioned in other state but utilized in our state as per Thorat Committee is 70.07 & CD Ratio computed on advance sanctioned and utilized in the state is 53.28 %.

Monthly meetings to review ACP achievements of large Public/ Private Sector Banks

A system of monthly review of ACP achievement of 17 large public/ private sector banks has been put in place by RBI since July 2017. The monthly meetings are being held with the Controlling Heads of concerned banks and Govt. officials to review the ACP achievement of banks, obtain monthly commitments/ assurances from bankers about future ACP achievements and sensitize all stakeholders to improve the situation in the intervening months of SLBC meetings which are held on a quarterly basis. The review enabled us to take stock of the performance and get ground level feedback from the Bankers as well as concerned Govt. Departments.

It is observed that the banks have achieved the ideal 75% target under MSME sector unlike in case of crop loan, farm loan, total agricultural credit and overall ACP. However Heads of Banks are requested to achieve the ACP targets by the year-end.

Relief for MSME Borrowers registered under Goods and Services Tax (GST)

Presently, Banks and NBFCs in India generally classify a loan account as Non-Performing Asset (NPA) based on 90 day and 120 day delinquency norms, respectively. It has been represented to us that formalization of business through registration under GST had adversely impacted the cash flows of the smaller entities during the transition phase with consequent difficulties in meeting their repayment obligations to banks and NBFCs. As a measure of support to these entities in their transition to a formalized business environment, it has been decided that the exposure of banks and NBFCs to a borrower classified as micro, small and medium enterprise under the Micro, Small and Medium Enterprises Development (MSMED) Act, 2006, shall continue to be classified as a standard asset in the books of banks and NBFCs subject to the following conditions:

The borrower is registered under the GST regime as on January 31, 2018.

The aggregate exposure, including non-fund based facilities, of banks and NBFCs, to the borrower does not exceed 250 million as on January 31, 2018.

The borrower's account was standard as on August 31, 2017.

The amount from the borrower overdue as on September 1, 2017 and payments from the borrower due between September 1, 2017 and January 31, 2018 are paid not later than 180 days from their respective original due dates.

A provision of 5% shall be made by the banks/NBFCs against the exposures not classified as NPA in terms of this circular. The provision in respect of the account may be reversed as and when no amount is overdue beyond the 90/120¹ day norm, as the case may be.

The additional time is being provided for the purpose of asset classification only and not for income recognition, i.e., if the interest from the borrower is overdue for more than 90/120 days, the same shall not be recognized on accrual basis.

Investor Education and Protection Fund Authority (IEPF Authority)

Govt of India has established an Investor Education and Protection Fund Authority (IEPF Authority) under the provisions of Companies Act, 2013 to inter alia promote investor education and promote awareness through conduct of investor awareness programmes.

A general lack of awareness among the potential investors, especially in rural areas about investment related matters, make them vulnerable to fraudulent investment schemes. As a part of the mandate, the IEPF authority has taken several initiatives for organizing investor awareness programmes. The awareness is being created through various media like advertisement in the newspapers, jingles on radio, crawlers on television etc. Further, investor awareness programmes are organized in the urban areas through the professional institutes and in rural areas through the Common Service Centres located in village Panchayats.

The requisite training, capacity building tools and communication materials like short film, videos, modules in local language, pamphlets, posters etc for promoting investor awareness can be arranged under the aegis of IEPF authority. LDMS are advised to include the investor awareness programme as a standard agenda in the Block/District level credit Committee Meeting and review the progress from time to time.

FLORICULTURE

It will be prudent to state that cultivation of flowers in protected structures in our State has shown excellent result in terms of production and quality. The activity can be a good income generating activity for the farmers. Besides, the scheme can provide employment opportunity to a lot of people. Although, assistance to the tune of 70% of cost of structure including cost of cultivation is being provided by the Government, more projects are not coming up as cost involvement for such projects is high. Financing such projects has been a major constraint as far as the implementation of the scheme is concerned. The scheme will get a boost if Institutional Financing for such projects can be made available, obviously, within the ambits Banking Norms and Government Guidelines.

The existing procedure being followed by Banks and proposed for financing floriculture projects is explained below.

1. Existing Procedure for Finance of Floriculture Projects:	1. Most of the Banks are not keen to finance floriculture projects.
	2. In case they agree to finance, they ask for 100% -200% collateral security on the sanctioned amount except a few cases where sanction has been accorded with low collateral security.
	3. Land of the proposed site is not taken as collateral security.

	4. Banks insist on liquid collateral security or urban property/ homestead land as security.
2. Proposed Procedure for Financing Floriculture Projects:	1. Banks may consider to finance floriculture projects for amounts inclusive of cost of the structure, cost of cultivation and working capital, but exclusive of the margin money to be deposited by the beneficiary.
	2. Collateral security should be on the amount the bank actually financing, not the amount being sanctioned, i.e. sanctioned Amount – Subsidy.
	3. Interest should not be charged on the Subsidy Reserve Fund.
	4. The repayment schedule is to be drawn on the loan amount in such a way that the subsidy amount is adjusted after the Bank loan portion (excluding subsidy) is liquidated.

Director Horticulture may deliberate on this matter

The details about of financing floriculture projects in the State of Odisha given at **Annexure-26**.

The projects shall be completed within six months from the release of loan by the Financing Bank.

The Margin Money (subsidy) so transferred by the Nodal Bank to the Financing Bank shall be kept in the Term Deposit Receipt (TDR) for two years at the Financing Bank in the name of the beneficiary. No interest will be paid on the TDR. The Margin Money (subsidy) kept deposited as above shall be credited to the loan account of the beneficiary after two years, from the date of first disbursement of loan, by the bank. The Financing Bank may foreclose the loan account by appropriating the Government Subsidy after the said lock in period of two years after joint physical verification.

The matter has already been conveyed to all the financing bank branches and requested them to adjust the subsidy to the beneficiary's loan account only after conducting joint physical verification by the Coir Board and the Bank. The Field Offices of the Board have already given instructions to conduct the physical verification of the units assisted during the last two years in association with the financing banks and upload the photographs of the units in the e-tracking system. They have also advised to give instructions to the financing banks to adjust the subsidy to the loan account of the beneficiaries, who have fulfilled all the parameters of the Scheme or otherwise refund the subsidy to the CUY SB Account No.**34851491203** with the State Bank of India, Ravipuram Branch.

The Banks may be requested to co-operate with the Field Offices of the Board for conducting the joint physical verification for adjusting the subsidy released under the Scheme.

FINANCING FLORICULTURE PROJECTS IN THE STATE OF ODISHA

Introduction: The importance of flowers in socio-cultural and religious life of the people of Odisha and other Indian states can hardly be exaggerated. There is a natural demand for flowers such as for worshipping gods and goddesses, decoration of pandals, vehicles, houses, greeting others, during festive occasions, marriages and so on. Though flower cultivation has been practised since long, floriculture blossomed into a viable business only in recent years. Considering the potential, this sector can generate higher income and employment opportunities as well as promote greater involvement of women. It has also been identified as an extreme focus area for exports.

Odisha is known for growing traditional flowers like jasmine, marigold, chrysanthemum, tuberose and crossandras. Commercial cultivation of cut flowers like roses, orchids, gerbera and gladiolus have also become popular but in a limited scale. The area under floriculture in Odisha is about 6500 ha with annual production of about 24,800 tonnes of loose flowers and 5335 lakh cut flowers. Our production of flowers is able to meet only 10% of our needs. We largely depend on our neighbouring states like West Bengal or Andhra Pradesh for flowers. Although qualitative data on area, production and trade is not available, the availability of flowers in all cities and growing number of florists are indicative of very high rate of growth. Hence, there is scope for cultivation of flowers that could meet the domestic requirements.

Cultivation of Flowers in open conditions: Traditional flowers like jasmine, marigold, chrysanthemum, tuberose, crossandras and gladiolus, rose, gerbera etc. are grown in open conditions. Assistance for cultivation of such flowers is provided under National Horticulture Mission the details of which are given as under:

Sl. No.	Crop	Category of farmers	Area (Ha)	Total Cost (Rs. in lakh)	Assistance from NIDH (Rs. in lakh)	Assistance from Mission Plus (Rs. in lakh)	Total Assistance (Rs. in lakh)
1	Cut Flower	SF/MF	1	1.00	0.4	0.2	0.6
		Others	1	1.00	0.25	0.2	0.45
2	Bulbous Flowers	SF/MF	1	1.5	0.6	0.3	0.9
		Others	1	1.5	0.375	0.3	0.675
3	Loose Flowers	SF/MF	1	0.4	0.16	0.08	0.24
		Others	1	0.4	0.10	0.08	0.18

Steps are being taken to take up for cultivation of flowers in clusters in open conditions around cities like Bhubaneswar, Cuttack, Berhampur, Sambalpur, Rourkela etc. for easy marketing. Cost involvement being low in such projects, farmers can invest on their own or through KCC/Short term loans.

Cultivation of flowers in Protected Conditions: Growing flowers like Rose, Gerbera and Orchids in protected structures in the State are showing encouraging results. The quality of flowers has been very good. Hence, it provides an excellent opportunity for the farmers to take up floriculture activities. Assistance to the tune of 70% of cost for erection of structures and cultivation in such structures is provided under MIDH as well as State Agriculture Policy, 2013. A number of farmers in the districts like Ganjam, Khurda, Cuttack, Bhadrak, Balasore, Boudh and Jharsuguda have taken up floriculture activities.

There is growing awareness on the scheme and more farmers are showing their keenness to take up such cultivation. Basing on the success of such projects, Government in the Department of Agriculture and Farmers Empowerment is considering to implement the scheme in a Mission Mode. But, high cost involvement and lack of institutional financing has been the bane in implementation of the scheme. It is the time that Financing Institutions should come up for financing such projects that could help in augmenting the income of the farmers of the State.

Estimates indicating the cost in construction of structures and cultivation practices in such structures, projected volume of produce and returns there of for different flowers is placed herewith:

Above estimates indicate that cultivation of such crops can be very remunerative for the farmers and farmers can be able to repay their loan in a period of 5 to 7 years. Normally, flowers bloom after 3 to 4 months of planting and earnings start coming up since then. The cost of replacement of cladding materials for greenhouse and also planting materials is a routine event that can be taken care by the beneficiary out of his earnings. Steps are being taken to provide insurance cover for structures so that beneficiary does not suffer in the eventuality of any natural calamity.

It has been reported from different quarters that Banks are demanding 200% collateral security on the total cost of the Project for financing. It is difficult for the farmers to arrange so much of collateral as a result there is a setback in implementation of the scheme. Under such circumstances, the steps to be taken by the Department and the Banks are suggested herewith that can be discussed:

- I. Steps to be taken by the Directorate of Horticulture for implementation of the Scheme:
 - i) Emphasis on development of clusters for ease in transfer of technology and also for better marketing.
 - ii) Identification and selection of right beneficiary.
 - iii) Training of beneficiary on protected cultivation.

- iv) Adherence to the GoI guidelines for quality of structures.
- v) Testing of components at O.U.A.T. or CIPET for ensuring quality.
- vi) Empanelment of firms for erection of protected structures in the State.
- vii) Providing insurance for the structures.
- viii) Provision of cold chain facility for improving the storability and transportability of the flowers
- ix) Development of marketing facility.

Ministry of Agriculture and farmers Welfare, Government of India has issued a clarification on credit linked back ended subsidy, the copy of which is enclosed for reference. In order to provide momentum to the implementation of the scheme, and in view of the clarification issued by Government of India, the following points are suggested that may be considered by SLBC for smooth implementation and also provide an income generating activity to the farmers of the State:

II. Proposed steps for Banks

- i) Banks may consider to finance floriculture projects for amounts inclusive of cost of the structure, cost of cultivation and working capital, but exclusive of the margin money to be deposited by the beneficiary
- ii) **The collateral security should be on the amount the bank actually financing, not the amount being sanctioned, i.e. Sanctioned Amount – Subsidy**
- iii) Interest should not be charged on the subsidy kept in the Subsidy Reserve Fund.
- iv) The repayment schedule is to be drawn on the loan amount in such a way that the subsidy amount is adjusted after the Bank loan portion (excluding subsidy) is liquidated

Floriculture projects already established in the districts of Ganjam, Khurda, Balasore etc. have become quite successful. A visit to such projects can eliminate doubts regarding the viability of such projects. Active participation of the Financing Institutions for promoting the cause of such projects will help in establishment of more such projects in the State ultimately helping our farmers to earn more. Besides, the projects could help in generating employment opportunities for a large number of people. Hence, Banks may consider financing such projects.

APPROVAL OF ANNUAL CREDIT PLAN FOR THE YEAR 2018-19

Special SLBC meeting was held under the Chairmanship of Principal Secretary, Finance, Govt of Odisha at RBI on 7th April 2018 to finalize the allocation of ACP for the year 2018-19. After threadbare discussion at a series of meeting held between RBI and SLBC in consultation with State Government, it was emerged that the basis of allocation of ACP to different banks operating in the State should be proportionate deposit mobilized by the respective banks in the districts as at the end of December 2017 except RRB and OSCB. The target for RRB and OSCB has been firmed up as 10% incremental to the target allotted in the year 2017-18.
